

TWO BABIES KIDNAPPED BY JUDGE SUE PIRTLE!

These two precious children, Matthew and Laura, were wrongly taken from their mother, Robin, at the ages of 9 months and 23 months during a bizarre custody case. **They have been held captive in Rockwall, Texas by Judge Sue Pirtle and the father since 1998.** The photos show what the children look like before they were taken.

The children were well taken care of by Robin, but now they are purposely kept from her. **The children suffered from excessive illnesses and injuries after being removed from their mother's care.**

Judge Pirtle believes it is in the best interest of the child to not know a mother's love. **Robin has not even been allowed to see her children on their birthdays or spend a holiday with them!** This is so cruel! Taking children from a good, loving parent is child abuse!

The wrongdoing in this case was first reported in a story that appeared on March 3, 1999 in the former Rockwall Chronicle newspaper. The Chronicle reported that Judge Pirtle had the mother arrested since the mother was crying and wanted to know when she could see her children. **Additionally, the wrongdoing in this case was investigated and reported in a special news report on WFAA-TV, Channel 8 in Dallas in February 2000.**

Robin longs for her children everyday. She is a loving, Christian mother who loves her children very much. The emotional pain of a mother and children separated is more than anyone should have to bear. These children also have an older brother who is deeply depressed over the loss of his brother and sister. **HELP THESE CHILDREN REUNITE WITH THEIR MOTHER AND OLDER BROTHER!**

Robin's fight to save her children is backed by *Children and Loving Parents (CALP)*, a non-profit, child advocacy group that was founded on the basis that **children deserve safety and happiness.** Please pray and consider supporting this mother in anyway you can so that she may continue to fight this horrible injustice. For more information regarding this case, please call CALP at 785-840-0225 or Robin at 806-523-3864.
